RESOLUTION NO. _____

RESOLUTION URGING THE FLORIDA LEGISLATURE TO
PROVIDE FUNDING FOR LOCAL PROGRAMS TO IMPROVE
TREE CANOPY, SUCH AS MIAMI-DADE COUNTY'S
ADOPT-A-TREE PROGRAM

WHEREAS, according to an analysis performed in 1996, the tree canopy cover in the County's unincorporated area averaged approximately 10 percent, with some locations having as little as 1 to 2 percent of canopy cover; and

WHEREAS, according to another study conducted in 2008, the average tree canopy cover in the same area was found to be approximately 12 percent; and

WHEREAS, adequate tree canopy coverage for urban areas is generally considered to be in the range of 25 to 40 percent; and

WHEREAS, in February 2001, to help restore much needed tree canopy cover throughout the County, this Board adopted Resolution No. R-97-01 approving and implementing the Adopt-a-Tree Program ("Adopt-a-Tree"), which was funded by a grant from the Florida Department of Agriculture and Consumer Services; and

WHEREAS, Adopt-a-Tree provides trees, free of charge, to County residents for planting in areas that have been heavily impacted by citrus canker eradication efforts and that are generally low on tree canopy cover; and

WHEREAS, in addition to providing free trees to qualifying County residents, the program also offers public outreach and education to ensure the proper siting, planting, care, and maintenance of trees and to inform the public of the many benefits that trees, and their canopy cover, can offer to the community; and

WHEREAS, since its inception nearly 15 years ago, Adopt-a-Tree has been successful in adding much needed tree canopy cover throughout the County and is widely popular with the County's residents; and

WHEREAS, for example, since 2001, 190,754 trees have been adopted at 72 different events with over 1,200 residents attending each event; and

WHEREAS, in addition, 6,450 trees have been adopted at three events held within the last year; and

WHEREAS, the program has an 85 percent tree survival rate, which has raised the County's tree canopy average up to 12 percent; and

WHEREAS, trees provide many significant and invaluable benefits to our community; and

WHEREAS, for example, trees help reduce electrical demand costs when planted to shade buildings; they trap and store rainfall and reduce flood risks; they help prevent erosion and stormwater runoff; they improve air quality and the wildlife habitat value of urban areas; they help improve the livability and aesthetic value of urban areas; they may increase property values through the beautification of residences; and, where fruit-bearing trees are concerned, they provide a food source with important nutritional benefits; and

WHEREAS, it is therefore imperative that the County be able to continue to offer residents the opportunity to take part in efforts to increase the presence of trees and tree canopy cover throughout our community by participating in Adopt-a-Tree; and

WHEREAS, the Legislature currently provides some funding for tree planting on public land, tree protection projects, and tree maintenance projects through the Florida Urban and Community Forestry Grant Program; and

WHEREAS, the Legislature should also provide additional funding for local programs such as Adopt-a-Tree; and

WHEREAS, accordingly, to ensure the continued success and viability of Adopt-a-Tree, this Board wishes to urge the Florida Legislature to provide additional funding for this important program,

NOW, THEREFORE, BE IT RESOLVED BY THE BOARD OF COUNTY COMMISSIONERS OF MIAMI-DADE COUNTY, FLORIDA, that this Board:

Section 2. Directs the Clerk of the Board to transmit certified copies of this resolution to the Governor, the Florida Commissioner of Agriculture, the Senate President, the House Speaker, and the Chair and Members of the Miami-Dade State Legislative Delegation.

Section 3. Directs the County's state lobbyists to advocate for the appropriation described in Section 1 above, and authorizes and directs the Office of Intergovernmental Affairs to amend the 2016 state legislative package to include this item.
